

Selecting the WIFI

Go to top of phone screen, pull finger down from top and hold on to your WIFI symbol

Apple users will need to go to setting, select WIFI and look for network to join

Your WIFI you need to select to join is **Quiz**

Adding the app to your phone

Go to your PLAY/APP store and select search

In the search bar type speedquizzing

You will need to select the SPEEDQUIZZING LIVE app.

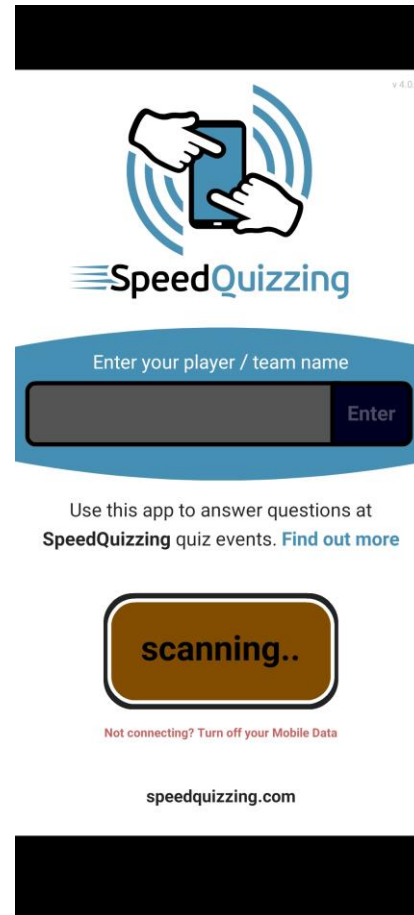

Complete the installation, you can skip certain parts of the installation depending on your account

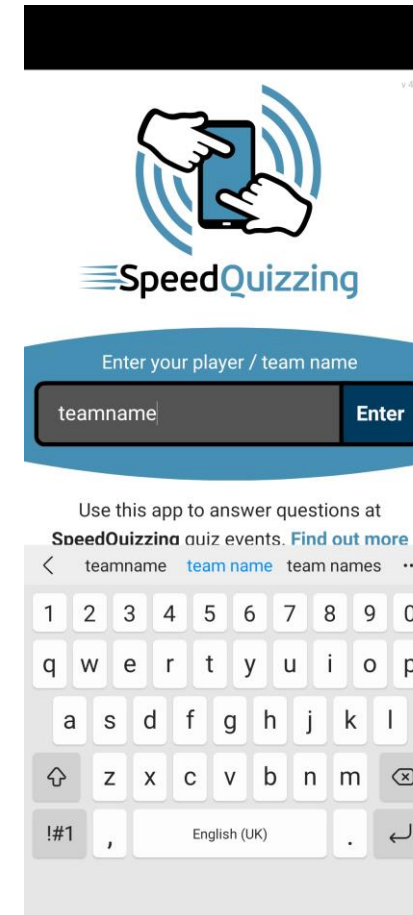

The App should look like this

How to sign in:

This is the main window you will see once loaded.

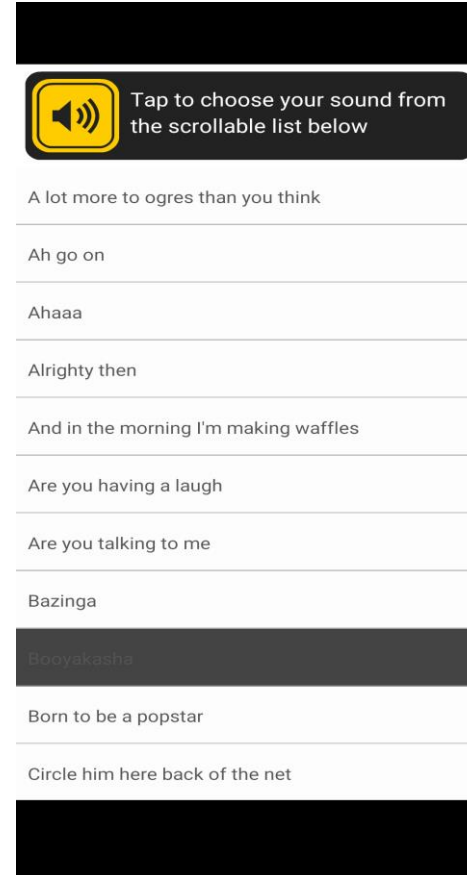

Type Team name in and click enter

You will be asked to accept the rules, hit yes.

Then you will choose a buzzer sound. When happy select enter.

How it works:

There are 4 main types of questions as explained below:

1

Numbers: How to Play

To **score points**, key in a numeric answer and tap **enter**...

teamname

2

Multiple Choice: How to Play

To **score points**, tap the correct answer

teamname

3

Letters: How to play

To **score points**, tap the **first letter** of the answer

teamname

4

When it is a picture question you will be shown a picture, when you know the answer tap the screen and you will be shown the answer grid to input your answer. Depending on the question the grid can be different. The quiz host will explain what type of grid you will be using.

Once the timer has run out your phone screen will turn red. You will not be able to answer the question now.
